

To Whom It May Concern:

We are a small paranormal research and investigation team based out of Greeneville, TN, called Old Harmony Paranormal Research. We were founded in 2012 and service Greene County and surrounding areas, and are dedicated to exploring unexplained events.

We would like to speak to you about possibly performing an investigation of your property, at the most convenient time for you, and speak with you and anyone that may have experienced paranormal encounters.

Our investigation consists of conducting a series of scientific tests that are designed to collect possible evidence of the paranormal. Typically, investigations take place over four hours on an evening. Our equipment includes cameras, handheld electromagnet field detectors, flashlights, etc.

Any interviews and investigations would be away from the view of the public, to avoid any disruption, and with privacy in mind. You are welcome to accompany us during our investigation. We're happy to notify law enforcement or security services to avoid any false alarms.

We hold ourselves with utmost professionalism and respectful consideration for properties during any investigation. We fully understand and respect private property, and all due consideration will be given at all times. No damage will come to your property, and no members present will participate in alcohol consumption, horseplay, or any other disagreeable conduct.

We agree to undertake investigation at our own risk, and understand that you would be in no way responsible or liable for any injury or loss during the investigation process. A more detailed release can be provided for your records upon request. You will also be provided with a list of all investigators, should you allow us to investigate your location.

We hope you'll consider our proposal, and if you'd like to discuss any other conditions that we could accommodate, please let us know.

Thank you for your time and we hope to hear from you soon.

Yours Truly,

---
